Spill Control EQUIPMENT

For the full range of products please scan the QR Code

www.mesupplies.com

We offer an extended range of Spill Control products to suit every industry.

- 300+ Polypropylene Absorbents for general liquids, oil and fuel or chemical applications
- Cleaners, Degreasers, Neutralisers and Binders
- Loose Absorbents
- Absorbent Stations and Dispensers
- 200+ Spill Kits for a range of applications
- Spill Kit Accessories, Containers and Holdalls
- PPE
- Drain Covers and Protection
- Drip Pans and Trays
- Drum Accessories and Dispensers
- Overpack Drums, Drum Movement and Drum Racks
- Spillpallets for drums or IBCs
- Workfloors and Ramps
- Lockers and Liquid Storage

We at **M&E Supplies** constantly strive to offer the best choice of quality branded products at competitive prices with service levels to none. As the leading **"ONE STOP SHOP"** for industrial supplies, giving innovative solutions to modern business. So whether its site surveys, technical help and advice, full e-commerce expertise, full supply chain management, or complete deliveries on time, **M&E Supplies** can provide the answer. If you would like to know more, contact us now at **01-6283888**.

M&E Supplies specializes in safety equipment and safety products for the workplace. Our prices on, and more, are competitively priced and lower than most safety equipment and safety product suppliers. We stock brand name safety products in these categories: **Protective Footwear, Hand Protection, Eye, Face, and Head Protection, Prescription Eye wear, Respiratory Products, Hearing Protection and Conservation, Instrumentation, Fall Arrest, Eye & Face Protection, Head Protection, Hearing Products, Respiratory Protection, Instrumentation & Monitors, Confined Space Equipment, Fall Protection, Protective Clothing, Footwear & Accessories, Hand Protection, Ergonomic Products, First Aid Products, Emergency Shower / Eyewash, Skin Care Products, Lockout/Tagout, Storage & Handling, Spill Control, Facilities Safety & Traffic Control** and much more.

We're committed to bringing you the widest choice of quality business products at rock bottom prices. Every day, we check our prices against more than 20 of our competitors to ensure they're amongst the most competitive around... so you don't have to. **We're lowering prices every day!** **M&E Supplies** has built it's reputation on the quality of it's products and services which our customers have come to expect. Our aim is to not only maintain this reputation, butto build on it.

We are here

Soak up common, non-hazardous liquids quickly and easily with EVO General Purpose absorbent pads. Ideal for cleaning up fluids safely and efficiently without resorting to loose granular absorbents, often the cause of contamination and difficult to clean up. The material's strong wicking action draws liquid in making full use of each pad, maximising cost effectiveness.

Code	Packaging	Size	Qty.	Absorbs
EVO-SP40X	Disp. box	31 x 39cm	40	31L
EVO-SP50TP	Poly-pack	31 x 39cm	2 x 50	78L

EVO Recycled® Pads

- Safely absorb oils, fuels, water, coolant, solvents and non-hazardous liquids
- Absorbents manufactured from 85% recycled natural fibres
- Sustainable and low carbon footprint
- Higher capacity than comparable polypropylene absorbents
- Greater fluid retention avoids secondary contamination during clean up
- More cost-effective
- Fully recyclable packaging
- Ideal for companies seeking to reduce their environmental impact
- Can be used in all sectors of industry to absorb hydraulic oil, engine oil, gear oil, lubricating oil, coolant, fuels, and mild acids

Drum Topper Pads

- 56cm diameter fits perfectly on standard drums
- Ideal for keeping drum tops free from contamination
- Triple-loft, oil preferential absorbent pads made from recycled cotton fibres
- Absorbs over 25% more than standard polypropylene pads

Low CO₂ 

EVO Recycled® - Absorbents

Cover large areas easily with absorbent rolls. Ideal for use under machinery or to catch over-spray. Perforations length-wise and across the width make it easy to use the correct amount of material.

Dispenser boxes with carry handles are perfect for workshops and vehicles

EVO-R10040X	Box	100cm × 40m	1	260L

Spillpod® Dispenser Boxes

Spillpod® dispenser boxes with carry handles are perfect for workshops and vehicles, ideal for the mobile service engineers and workbench areas where access to a clean wiping medium is often required.

EVO Recycled® Rolls

- Perforated along length and width for maximum economy
- Available in 6 sizes
- Higher capacity and greater fluid retention than comparable absorbents
- Can be used in all sectors of industry to absorb hydraulic oil, engine oil, gear oil, lubricating oil, coolant, fuels, and mild acids

Applications

- As a work-mat to catch and absorb drips and leaks during component maintenance and cleaning
- As an alternative to granular material that can cause cross contamination
- To reliably and quickly absorb spills and leaks
- An integral component of Spill Kits to provide quick response to leak and spillage incidents
- Contributes to a pro-actively safe and clean working environment
- Can form part of an Absorbent Management System, contact your supplier for details

Low CO₂

EVO General Purpose absorbent socks or booms are ideal for use around leaking machinery to keep walkways free from contamination. They absorb on contact and can be left in place to absorb oil, coolant, hydraulic oil and most workshop fluids. Socks can also be used to contain wider spills and prevent floor contamination that could contribute to slips and falls.

Polypropylene pads and rolls
- Not part of EVO Recycled® range.

GRV-38	Poly-pack	38cm x 40m	1	45L

Absorbent Station

- Easy access to materials to encourage pro-active maintenance
- High profile day-to-day absorbent dispensing point
- Preserves Spill Kits for unforeseen incidents
- Durable all-metal construction for use in the industrial workplace
- Eliminates loose packs of product
- Each station comes with 100 Pads, 1 Roll and 20 1.2m Socks

Cushions

- Safely absorb all non-hazardous liquids
- Ideal for use in Drip-Trays to absorb leaked fluids easily and efficiently and to reduce further spillage during disposal of Drip-Tray contents
- Place directly under leaking hoses and fittings to absorb and contain liquids
- Place on spilled liquids to absorb cleanly and efficiently

Land Booms

- Safely absorb oils, fuels, water, coolant, solvents and non-hazardous liquids.
- 12cm or 20cm diameter, 3 metres long
- Robust outer skin over absorbent fill
- Made from highly absorbent recycled cotton fibres from the textile industry which would otherwise be sent to landfills
- Use to surround a spillage to prevent further spreading
- Absorbs liquid on contact

Socks

- Place at the base of leaking machinery to absorb leaks on contact and reduce the spread of contamination
- High-grade recycled material
- Strong wicking action for easy clean-up of everyday spills and leaks
- Safely absorb oils, fuels, water, coolant and solvents and non-hazardous liquids
- Suitable for use in most workshop and manufacturing applications

PP Pads and Rolls

- Place at the base of leaking machinery to absorb leaks on contact and reduce the spread of contamination
- Strong wicking action for easy clean-up of everyday spills and leaks
- Pads are perforated along centre for easy tearing
- Rolls are perforated across width and along length for easy tearing
- Polypropylene material
- Suitable for use in most workshop and manufacturing applications

EVO Recycled® - Drip Pans and Trays

Drip Pans and Trays for smaller containment needs. Made from durable recycled plastic in a large variety of sizes to fit all your needs. Low profile for easy positioning under machinery and processes to reduce floor contamination.

Drip Pans and Trays

- Low profile for easy positioning under machinery
- Tough 100% recycled plastic construction
- For indoor and outdoor use

**ALL PANS & TRAYS ARE MADE IN BRITAIN
FROM DURABLE RECYCLED PLASTIC**

Line With Absorbents

Drip-Trays and Pans can be lined with absorbent material to absorb liquids on contact to make emptying the tray easier and cleaner.

EVO Recycled® - Trays and Spillpallets

M&E SUPPLIES

High walled multi-purpose trays for container storage, decanting and filling tasks and to catch leaks and drips from vehicles, plant and machinery. Ideal filling and dispensing point with optional grids to keep containers clear of contamination. Tough 100% recycled plastic construction and corrosion free. Spillpallets vital for preventing the escape of liquids into the environment also limit the potential for ground contamination and time-consuming clean-up. All units have a heavy-duty construction and are suitable for indoor and outdoor use.

Deep Trays

- High sides for maximum containment to reduce over-swell
- Large surface area to reduce risk of ground contamination
- Ideal as a safe, contained decanting and filling area
- Tough 100% recycled plastic construction
- Can be lined with absorbents to soak up liquids
- Can be stacked for easy storage

Spill Trays with Removable Grids

- For storage of 25L drums and small containers
- Ideal filling and dispensing point
- Grids (removable) keep containers clear of contamination
- Tough 100% recycled plastic construction
- Corrosion free

EVO Recycled® Spillpallets

- Safe bunded storage for up to 4 drums
- Compliant with Oil Storage Regulations
- Removable grid deck - easy sump access
- Made from strong and durable 95% recycled plastic
- Rustproof, UV and chemical resistant
- Ideal as a 'quarantine' point for damaged drums

EVO Recycled® - Spill Kits

Spill Kits stocked with EVO Recycled® oil preferential pad and socks made from recycled cotton fibres. Absorb over 25% more than standard polypropylene absorbents. Ultra-low carbon footprint, high performance and environmentally friendly. Supplied with disposal bags for easy waste segregation.

Vinyl Bag Kits

- Hi-Vis vinyl bag
- Zip closure and carry strap/handles
- Compact and portable for quick spill response
- Absorbent socks to contain spills and protect drains and absorbent pads to soak up liquids
- Disposal bags included for easy waste segregation

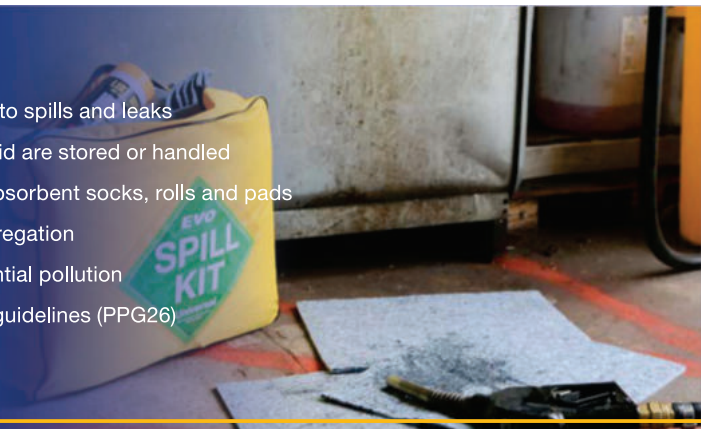

65L - 90L Drum Kits

- Clip down lid and carry handles
- Assists compliance with EA/SEPA/NIEA guidelines (PPG26)
- Contents include absorbent socks to contain spills and protect drains plus absorbent pads to soak up spilled liquids
- Disposal bags included for easy waste segregation

High Capacity Kits

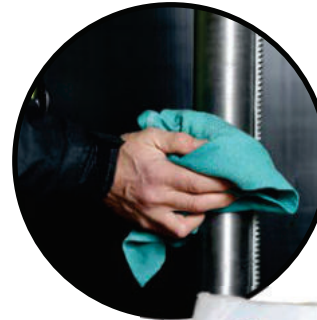

- Provides the means to respond promptly to spills and leaks
- Ideal in areas where large volumes of liquid are stored or handled
- Large absorbent capacity - Fast acting absorbent socks, rolls and pads
- Disposal bags and tie for easy waste segregation
- Helps protect the environment from potential pollution
- Assists compliance with EA/SEPA/NIEA guidelines (PPG26)

EVO Recycled® - Wiping Cloths

EVO Recycled® Wiping Cloths are laundered and recycled textiles cut down into useful wiping cloths suitable for a multitude of general wiping and cleaning tasks. Made from recycled textiles they contribute to a better environment by reducing landfill and incineration. 10kg packs for maximum value and economy.

Non-Woven Cloths

- J-Cloth type material
- Enviro-friendly, Made using material offcuts which would otherwise be sent to landfills or incinerated
- Extra-large 5kg box or bag
- Versatile material ideal for a number of uses

Value Coloured Mix

- Mixed grade, heavy, coloured cotton / poly cotton and synthetic wipers
- Ideal for mopping up oil and oil based coolant

T-shirt Coloured

- T-shirt material - more wipers per pack
- Soft and absorbent - ideal for polishing and cleaning
- Cotton rich - excellent all round performance

Sweatshirt Coloured

- Laundered sweatshirt material cut into large pieces
- Ideally suited to heavy-duty cleaning and wiping tasks
- Flexible and durable
- Ideal for heavy engineering and garages

Mixed White

- White mixed material wipers
- High cotton content
- No colour-bleed when used with cleaning chemicals and solvents
- Economical and low linting

Towelling Coloured

- Highly absorbent, very soft, towelling wipers
- Ideal for general wiping, cleaning and dealing with excess liquid
- Flexible and soft

*Whilst every possible care is taken, we cannot guarantee these items to be completely free from pins, sharp objects etc.

Evo-Dri

EVO DRI is an industrial absorbent comprised of 100% recycled gypsum in the form of granules.

EVO DRI shows high absorption capacity, is easy to handle and transport, fireproof and can be used both indoors and outdoors.

- Leaves surfaces safe, clean and dry
- Enviro-friendly (recycled material)
- Lightweight product to transport and use
- Fireproof
- Harmless to humans, animals and plants

Evo Fire Retardant Wood Fibre

Fire retardant recycled wood fibre absorbent. For use on industrial spillages and general clean-up duties.

Available in a two sizes of bag or in a convenient dispenser box with cut out for use as a drip pan to absorb liquids on contact.

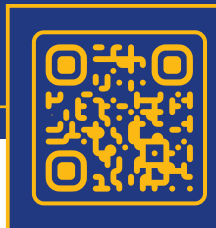

The lightweight loose particulate is easy to handle and absorbs liquids quickly and easily.

- Leaves surfaces safe, clean and dry
- Enviro-friendly responsibly sourced recycled material
- Lightweight product to transport and use
- Fireproof
- Harmless to humans, animals and plants

Low CO₂

spillpod® - Units

spillpod®

Spillpod® is a neat, self-contained unit that centralises wiping, cleaning and absorbent needs within a workshop environment. The full range includes Dispensers, wipers, absorbents and degreasers.

Spillpod® MOBI

- Mobile absorbent dispensing unit
- Each unit is complete with 1 x 38cm Roll + 15 x 1.2m Socks
- Trunk holds loose absorbent or absorbent socks
- Easy to manoeuvre through doorways and between machinery
- Wide rubber tyres give stability and grip on uneven and broken surfaces

Spillpod® Dispenser Boxes

Spillpod® dispenser boxes with carry handles are perfect for workshops and vehicles, ideal for the mobile service engineers and workbench areas where access to a clean wiping medium is often required.

Low CO₂

spillpod®

spillpod® - Wipers

Spillpod® wipers and absorbents are easily accessed via the dispensing slot and the box can be transported using the convenient handle. Ideal for maintenance engineers and as a workbench maintenance and clean-up pack.

Spillpod® Components

- Replacement absorbents or degreasers for your spillpod unit
- Spillpod® pads are 8 times more absorbent than inefficient rags
- Spillpod® units can be used with most rolls up to 30cm wide

Paper Rolls

Perfect for quickly mopping up spillages with ease or wiping down contaminated areas.

- Perforated into sheets for maximum economy
- Dispenser box or Centre-feed roll options
- Made using responsibly sourced material
- 5 different sizes

Non-Woven Wipers

- J-Cloth type material
- Enviro-friendly, Made using material offcuts which would otherwise be sent to landfills or incinerated
- Convenient sized packs for any industry

Low CO₂

spillpod®

Spillpod® wipers and absorbents are easily accessed via the dispensing slot and the box can be transported using the convenient handle. Ideal for maintenance engineers and as a workbench maintenance and clean-up pack.

SRET-1	Expansion pack	Up to 2.5m²
SRET-5	Expansion pack	Up to 12m²
SRET-20	Expansion pack	Up to 50m²

Concrete and Hard Surface

When diluted with water will remove most contamination ranging from light oil and grease to heavy oil fractions. It is safe to use and has a pleasant odour.

- Quick splitting solvent emulsion
- Non flammable
- Biodegradable after soil release

Tarmac and Asphalt

Highly effective cleaner for tarmac/asphalt surfaces. Also removes dirt, oil and grease easily from plastics, enamels, vinyl, metals and painted surfaces.

- Leaves surfaces streak-free
- Also ideal for use in kitchens and printing establishments
- Leaves surfaces contamination-free

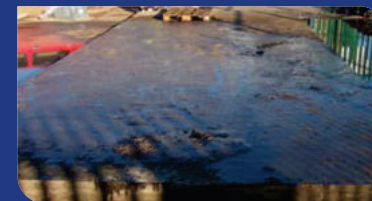

Industrial Degreaser

Multi-purpose heavy-duty cleaner for the removal of oil, traffic film, and general contamination from vehicles and equipment.

- Highly effective vehicle/plastic curtain cleaner
- Contains alkalis, surfactants and conditioning additives to give superior cleaning results
- Non-flammable and non-corrosive

Concrete and Tarmac Cleaning Kits

- Completely removes oil and fuel residue
- Contains all the products and tools for the whole job (Water not included)
- Simple, step-by-step application guide
- No solvents or caustics – totally environmentally friendly
- Standard kits clean up to 2.5m² – expansion packs available for treating larger areas

spillpod®

Muckyz® Textured Hand, Machinery and Tool Wipes feature a mildly abrasive, strong dura-fibre material allowing for more wipes per tub. Muckyz® Wipes remove Silicone, Paint, Sealant, Adhesive, Bitumen, Oil, Gr ease, Expanding Foam, Dirt and much more.

Paint Spill Kits

For quick response to and clean-up of paint, resin and ink spills. The FENTEX Paint Spill Kit enables the complete recovery of a paint spill on a hard surface with ease.

Packed with all the parts needed these kits also include a tub of Painterz Wipes® for removing Silicone, Paint, Sealant, Adhesive from hands and surfaces.

Muckyz® Textured Features

- Textured - Crafted with a heavy-duty, premium dura-fibre material, offering unrivalled durability
- Battle Stubborn Stains - Expertly formulated to tackle even the toughest stains with ease
- Contains Aloe Vera, the natural oils help keep hands soft and moisturised
- Powerful antibacterial properties with a skin safe solution
- Compliant with Cosmetic Directives - our product meets the highest safety and quality standards
- Cruelty-Free Creation - not tested on animals, supporting our commitment to animal welfare
- Eco-Conscious Packaging - Our recyclable tub and lid showcase our dedication to sustainability

Low CO₂

Fentex® Spill Kits

The largest range of Spill Kits in the UK with over 200 types of emergency Spill Kit available for fast delivery. Our absorbents can control leaks and spills of practically any liquid from a small mercury spill to a can of oil up to a 2000 litre chemical spill. We can build any spill kit to your specification and labelling and we are constantly developing absorbents and Spill Kits for new, and existing, problems.

Compact Spill Kits

- Contained in a heat sealed bag
- Tamper evident and weather proof
- Label and instructions clearly visible on front
- Compact, stow-able size makes these kits ideal for carrying in vehicles
- Ideal for cleaning up small leaks and spills quickly and efficiently

Efficient Absorbent Pads

- Strong wicking action for easy clean-up of everyday spills and leaks
- Superior grip for maximum safety
- Perforated along centre for easy tearing

Adaptable Absorbent Socks

- Place at the base of leaking machinery or surround a spill to absorb liquid on contact and reduce the spread of contamination
- Strong wicking action for easy clean-up of everyday spills and leaks

Disposal Bag

- Disposal bag and cable tie included in all kits
- Printed with 'HAZARDOUS WASTE' to assist accurate waste disposal
- Circle the symbol to highlight the bags contents

Spill Kits - Flexi-Tray and Drip-Tray

Spill Kits with Flexi-Trays or Drip-Trays bring together a compact Spill Kit and a containment tray in one handy pack. The tray is perfect for use by engineers and fitters to catch drips and leaks and to keep components off the ground. The flexible material also makes the tray ideal as a waterproof work-mat.

Flexi-Trays

- Made from rubberised plastic for strength and flexibility
- Flexible side walls reform after compression
- Low profile design is ideal for sliding under plant and machinery

Drip-Trays

- Tough 100% recycled plastic construction
- Low profile design is ideal for sliding under plant and machinery
- Corrosion free

**ALL PANS & TRAYS ARE MADE IN BRITAIN
FROM DURABLE RECYCLED PLASTIC**

DRIP-TRAYS AVAILABLE SEPARATELY SEE PAGE: 6-7

Spill Kits - Body Fluid

M&E SUPPLIES

Total incident clean-up kits designed to enable full response to incidents involving bodily fluids including blood, urine, vomit, faeces etc. Each kit includes all necessary items to enable swift clean-up.

Body Fluid Spill Kits

For dealing with incidents involving blood, vomit, urine, faeces etc. Ideal for catering and service industries, the kits are compact and contain all the necessary products to deal with incidents efficiently. No cleaning of equipment necessary.

- BFK1-HO
- Antiviral Spray
- Dust pan and Brush
- Protective Gloves
- Apron
- Dry Wipe Sheets
- Absorbent Particulate
- Disposal Bag

Body Fluid Powder

BFK3 and BFK3/HO Body Fluid Spill Kits contain BFP/240 Body Fluid Powder to absorb unpleasant or hazardous body fluids and kill harmful organisms, eliminating the risk of cross infection and easing disposal.

BFP/240 Body Fluid Powder contains 1% sodium dichloroisocyanurate which is regarded by many, including the world health organisation, the health service and the government as the most effective broad spectrum disinfectant against bacteria and viruses including H.I.V and hepatitis 'b'.

BFP/240 absorbs 30 times its own volume, is pleasantly perfumed and covers spills making them visually less offensive

Spill Kits - Vehicle

Spill Kits specifically designed for dealing with AdBlue® spills and leaks, helping you conform to PPG 7 9.1 Emission reduction solutions (ERS).

Vehicle specific Spill Kits contained in fully recyclable PE containers and lockers which can be fastened to trailers, chassis and cab exteriors.

AdBlue® Absorbent Spill Kits

- Spill Kits specifically designed for dealing with AdBlue® spills and leaks
- Highly absorbent socks and pads with disposable bags included

The safe operation of refuelling facilities: PPG 7 9.1 Emission reduction solutions (ERS), for example AdBlue® (summary). If they get into the environment, ERS can seriously pollute groundwater and surface waters. It's important that they are stored, dispensed and handled correctly. ERS are soluble in water and should be kept out of surface water drainage systems that discharge to the environment. It will not be removed in an oil separator so it's important to isolate the ERS dispensing area drainage from the surface water system to reduce the possibility of spills and drips causing pollution. If this isn't possible, your site management systems should make sure any spills of ERS are cleaned up immediately with propriety sorbents.

Trailer/Chassis Kits

- Mounts to vehicle chassis/trailer
- Tough fully recyclable, chemical resistant, UV-stabilised PE
- Moulded-in rails along the length to aid mounting
- Weatherproof and secure
- Plastic toggle and lynch pin
- Disposal bags included

Exterior Cab Kit

- Mounts to vehicle cab exterior
- Weatherproof and secure
- Complete with Plug Rug Drain Cover
- Plastic toggle and lynch pin as standard
- Tough fully recyclable, chemical resistant, UV-stabilised PE

Spill Kits - Vinyl Bag

M&E SUPPLIES

Vinyl Bag Spill Kits with carry straps/handles. These kits are ideal for quick response to spills and leaks in the workplace and for carrying in vehicles to provide incident response off-site. Each kit is packed with high capacity absorbent socks and fast-acting pads to clean leaks up quickly. Disposal bags and ties also included.

Wheeled Kits

- Ideal for quick reaction to incidents and highly mobile
- Assists compliance with EA/SEPA/NIEA guidelines (PPG26)
- Contents include absorbent socks to contain spills and protect drains plus absorbent pads to soak up spilled liquids
- Disposal bags included for easy waste segregation

High Capacity Kits

- Provides the means to respond promptly to spills and leaks
- Ideal in areas where large volumes of liquid are stored or handled
- Large absorbent capacity - Fast acting absorbent socks, rolls and pads
- Disposal bags and tie for easy waste segregation of used items
- Helps protect the environment from potential pollution
- Assists compliance with EA/SEPA/NIEA guidelines (PPG26)

Spill Kit - Holdalls + Audit/Weather Covers

Each vinyl and PVC bag in this catalogue can be customised or we can design one to suit your needs. Gostelows offer bespoke bags and holdalls available in a number of colours and sizes. Vinyl can be printed with your logo or completed with a clear pouch for an insert.

Spill Kit Bags and Holdalls

- As featured in our Spill Kit range with a number of pre-designed options
- Suitable for a wide range of uses including company or team merchandise
- Made with tough vinyl or PVC material and hard wearing stitching and construction
- Bespoke manufacturing available

Drain Cover Holdalls

For use with Heavy-weight Drain Covers and Neoprene Drain Covers.

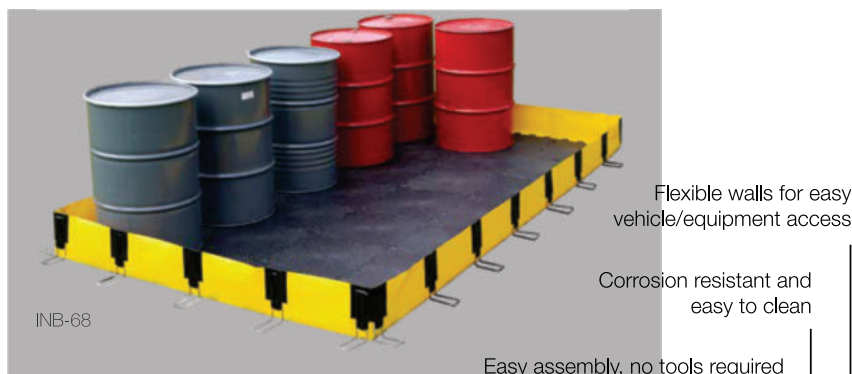

Audit / Weather Covers

Deter tampering and help ensure your Spill Kits are fully stocked and fit for purpose.

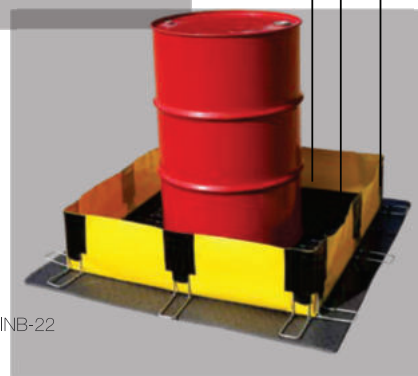

Lightweight, flexible and portable secondary containment to contain fuel or chemical spills and leaks. Compliant with environmental legislation (ISO14001) and Oil Storage Regulations (OSR). Complete with shoulder bag for easy portability.

InstaBund®

- Flexible walls for easy vehicle/equipment access
- Easy assembly, no tools required
- Suitable for repeated use
- Corrosion resistant and easy to clean
- Easy to transport
- Custom sizes available to order

Applications

- Portable bunding for tanks, drums, skips, vehicles, plant and generators
- Wash-down containment
- Decontamination pool
- Infection control – drive/walk through reservoirs

ADPE	Drain Cover only	106cm x 106cm

Mini Drain Booms

Compact mini-booms that can be deployed into drains, sumps and tanks to absorb oils and fuels.

- Can be left in-situ to absorb oil, diesel and other hydrocarbons without absorbing water
- Ideal for areas with limited access
- Super absorbent water repellent fill, held in place by an inner skin
- Outer net and metal fastening rings
- Strong inner rope along the length of the boom for added strength during handling
- Each pack absorbs up to 100 litres

Spill Berms

Ground-hugging barriers to contain and divert spills.

- Flexible and heavy-weight
- Divert spills away from drains
- Link together with unique jigsaw ends or with corner connectors
- Heavyweight material stops liquids seeping underneath

Low CO₂

Heavy-weight Drain Covers

Protect drains from hazardous spills and leaks

- Heavy-weight material stops liquids seeping underneath
- Available with wall mountable holdall to enable location near to vulnerable drains
- Ideal for routine activities, e.g. tanker offloading
- Resistant to water, oil and most chemicals
- Durable, flexible and contour-hugging
- Easy to clean and re-use

Our 3rd generation DrainProTector is available in two options, one with a unique filter design allowing oil and hydrocarbons to absorb while water safely flows away. The other is for general silt, gravel and debris. Both DrainProTectors feature our unique support straps, allowing for a huge 22kg of sediment to be held in the filter before emptying is required. We also offer XL versions of both DrainProTector designs for larger drains.

DT-SIL

DT-OFS

SILT AND GRAVEL UNITS

Code	Drain Port	Qty.	
DT-SIL	25cm Diameter	1	75cm × 60cm
DT-SIL-XL	2 × 25cm Diameter	1	125cm × 125cm

OIL, FUEL AND SILT UNITS

Code	Drain Port	Qty.	Size
DT-OFS	25cm Diameter	1	75cm × 60cm
DT-OFS-XL	2 × 25cm Diameter	1	125cm × 125cm

Place DrainProTector in the drain. Thread securing straps through drain grid.

Cut off excess material and tape down edges with tape supplied.

Completed protection of drain.

Silt and Gravel Units

For collecting/trapping silt, sand, gravel and other solids that can cause drain blockages.

- Retains up to 22kg of sediment
- Water discharged to EA-accepted levels
- Easy to empty and reuse
- Hard-wearing material
- Easy to follow installation instructions printed on each mat

Oil, Fuel and Silt Units

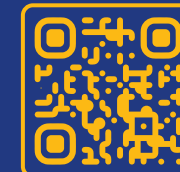

For collecting/trapping oil, fuel, silt, sand, gravel and other solids that can cause drain blockages.

- Retains up to 22kg of sediment
- Water discharged to EA-accepted levels
- Drain filter section is made with oil absorbent material
- Easy to empty and reuse
- Hard-wearing material
- Easy to follow installation instructions printed on each mat

Features

- The number one fast and effective pollution solution to prevent drain blockages
- Ideal for building sites, wheel wash stations, construction site access points, civil engineering and motorway projects
- Avoid the time and cost of fines and unblocking drains
- Reduces downtime on site
- Oil and Sediment version retains up to 1.5L of hydrocarbon sheen
- Retains up to 22kg of sediment
- Water discharged to EA-accepted levels
- Easy to empty and reuse
- Can be emptied in-situ
- Instructions printed on the top
- Install in 3 minutes

SpillTrapper® The ultimate absorbent Oil Mat for Plant, Construction, Rail, Workshops and much more! Designed for use under plant and machinery to catch and absorb oil and fuel leaks without the need for additional containment.

Traps spills and leaks under plant and machinery

SPILLTRAPPER® - SMALL

Code	Description	Size	Capacity
TRAP-SML/1	Pack of One Small Mat	51 x 68cm	6.5 Litres

Code	Description	Size	Capacity
TRAP-LGE/1	Pack of One Large Mat	98 x 146cm	32 Litres
TRAP-LGE/5	Pack of Five Large Mats	98 x 146cm	32 Litres

Features

- Absorbs oils, fuels and other hydrocarbon liquids
- Traps spills and leaks so you don't have to worry about mess or ground contamination
- Fentex Engineered for outstanding performance and great value
- No additional tray needed with the containment mat design
- Non-slip vinyl base contains contaminants protecting the environment
- Tough mesh grid withstands heavy use
- Metal eyelets at each corner for pegging to the ground or hanging from under plant
- Hydrophobic inner material will not absorb rainwater
- More cost-effective than other pad or nappy-style products

Multi-layer Technology

- UNIQUE HEAVY-DUTY EDGING DESIGN
- TOUGH MESH GRID protects inner layers
- HYDROPHOBIC ABSORBENT traps oil and fuels, rejecting rainwater
- EVO Recycled® Core with Fentex's unique 'burst fibre technology' maximises absorbent capacity
- DUAL oleophilic LAYER adds extra oil retention to minimising pooling or run-off
- Hard-wearing backing mat traps liquid inside reducing the risk of ground contamination

Traps Spills and Leaks

So you don't have to worry about mess or ground contamination.

No additional tray needed with the containment mat design

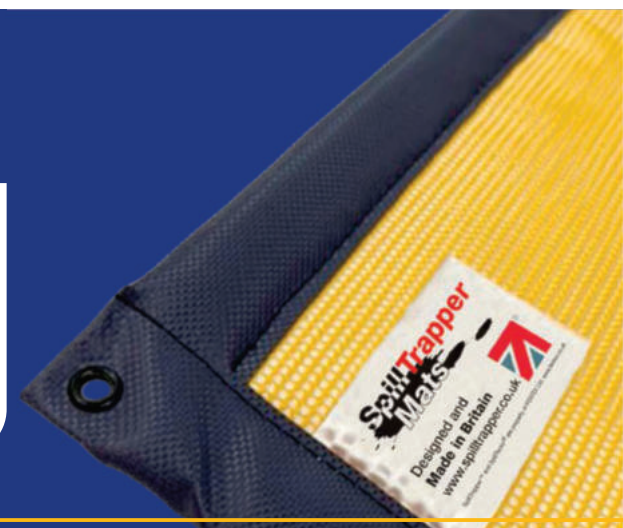

Tough Mesh Grid

Withstands heavy use while allowing oil to soak into sorbent material.

Non-slip Vinyl Base

Contains contaminants protecting the environment.

SpillTector® is the flexible spill absorbent and containment system designed for use under vehicles, plant, tanks and machinery. Contaminants are trapped in the unique absorbent laminate while clean rainwater is allowed to run away, making it ideal for outdoor use.

Premier protection against leaks and spills underneath machinery or equipment.

Why SpillTector®

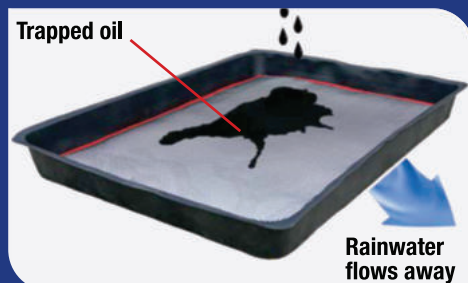

SpillTector® is the market leader for absorbent containment mats with an unrivalled range of sizes, absorbent capacity and for its unique design. SpillTector® is manufactured in the UK meaning a low carbon footprint and speedy delivery.

Unmatched for size and performance.

Rain Water Flows Away

Unique design allows clean rain water to flow away.

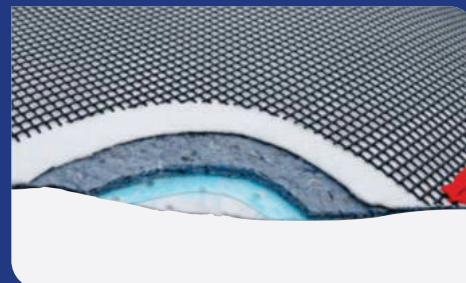

Flexible Sidewalls

Allow plant and machinery to be wheeled into place easily.

Unique Sorbent Laminate

Traps oil and fuel leaks while allowing clean rainwater to flow away.

Tough Mesh Grid

Withstands heavy use while allowing oil to soak into sorbent material.

Tough enough for the harshest working environments and with the best performance in the industry, these leak protection units are available in four sizes.

SpillTector®

Meeting the challenge of environmental and workplace protection, SpillTector® effortlessly catches leaks and spills day-in, day-out, allowing the job to be completed without interruption.

Tough enough for the harshest working environments and with the best performance in the industry, these leak protection units are available in four sizes.

Features

- Premier protection against leaks and spills from equipment and machinery
- Fits neatly under small plant, machinery and tanksto trap and absorb oil and fuel leaks without any interruption to the job
- Unique sorbent laminate catches and contains leaks while clean rainwater runs away, allowing work to continue without harm to the environment

Low CO₂

Leak Diverter

LEAK
DIVERTER

Leak Diverter deals with nuisance roof and ceiling leaks without disruption to the workplace until a permanent repair can be made. The device hangs from the roof directly under drips and leaks and diverts water to a convenient collection point. The floor beneath stays dry, the risk of slips and falls is reduced whilst damage to goods and machinery is minimised.

Leak Diverter

- Safely diverts roof leaks away from goods and machinery and protects the workplace
- Achieves a temporary fix until a more permanent repair can be made
- Prevents damage to valuable stock and machinery
- Reduces necessity to relocate goods and personnel
- Reduces accidental slips and falls
- Keeps water off the floor

Complete Kit

- TARP - Strong waterproof fabric with eyelets at 50cm intervals and central drainage point
- HANGING STRAPS - Adjustable hanging straps make levelling and positioning easy
- HOSE - Standard UK Hozelock fittings ensure water is safely channelled into reservoir drum
- RESERVOIR DRUM - The floor beneath stays dry, the risk of slips and falls is reduced whilst damage to goods and machinery is minimised

Features

- Strong waterproof fabric
- Eyelets at 50cm intervals
- Central drainage point
- Takes standard UK Hozelock fittings
- Easy to hang from roof and ceiling fittings
- Tarp, hanging straps, hose and hose fittings available separately
- Also available as a complete kit with Leak Diverter tarp, hanging straps, hose, hose fittings and water collection drum

Oil and Fuel - Absorbents

Booms suitable for use in situations where water is present such as marinas, docks, ponds and watercourses. These products contain hydrophobic absorbent material that only absorbs hydrocarbons such as oil and fuel and can remain deployed on water indefinitely to contain spills and safeguard the environment.

The revolutionary new product from Fentex. Be prepared for repairs anywhere with Hose Nose Bag. Developed specifically for hose repair and maintenance on site, no mess and no fuss allowing you to get on with the job.

OCL2	Refill Bag of 20 Cushions	Oil & Fuel	5L Each

Spaghetti Fill

- Absorbent strips in outer net (no inner sock)
- For viscous/heavy oils e.g. fuel oil
- 12cm or 20cm diameter, 3 metres long or 50cm long mini drain booms
- Robust outer net to allow ingress of contaminants
- Hydrophobic absorbent fill - will not absorb water
- Strong inner rope for added strength during handling
- Hooks and rings at each end to allow overlapping and coupling together

Standard Fill

- Flaked absorbent filling within inner sock and outer net
- For fuels and oils
- 12cm or 20cm diameter, 3 metres long or 50cm long mini drain booms
- Robust outer net to allow ingress of contaminants
- Hydrophobic absorbent fill - will not absorb water
- Strong inner rope for added strength during handling
- Hooks and rings at each end to allow overlapping and coupling together

Hose Nose Bag

Hard-wearing material with double sealed edges for leak proof performance, ensuring your liquids are contained during repair or maintenance

- Contains an oil absorbent cushion to effectively absorb leaking liquids
- When the absorbent cushion has reached capacity, it can be replaced to restore your Hose Nose Bag to maximum efficiency
- Each Hose Nose features a drawstring opening to secure around the hose during work
- Minimises the risk of ground contamination, protecting the environment

Oil and Fuel - Absorbents

M&E SUPPLIES

Oil and Fuel absorbent socks or booms are ideal for use around leaking machinery to keep walkways free from contamination. They absorb on contact and can be left in place to absorb oils, fuels and oil-based solvents. Socks can also be used to contain wider spills and prevent floor contamination that could contribute to slips and falls.

- High profile day-to-day absorbent dispensing point
- Preserves Spill Kits for unforeseen incidents
- Durable all-metal construction for use in the industrial workplace
- Eliminates loose packs of product
- Each station comes with 100 Pads, 1 Roll and 20 1.2m Socks

Cushions

- Safely absorb oils, fuels, solvents and all hydrocarbons
- Ideal for use in Drip-Trays to absorb leaked fluids easily and efficiently and to reduce further spillage during disposal of Drip-Tray contents
- Place directly under leaking hoses and fittings to absorb and contain liquids
- Place on spilled liquids to absorb cleanly and efficiently

Land Booms

- Safely absorb oils, fuels, solvents and all hydrocarbons
- 12cm or 20cm diameter, 3 metres long
- Robust outer skin over absorbent fill
- Made from processed polypropylene offcuts and materials that would otherwise be sent to landfills
- Use to surround a spillage to prevent further spreading
- Absorbs liquid on contact

Socks

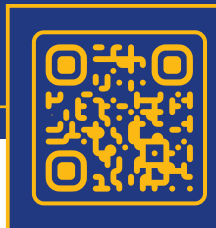

- Safely absorb oils, fuels, solvents and all hydrocarbons
- Place at the base of leaking machinery to absorb leaks on contact and reduce the spread of contamination
- Use to surround a spillage to prevent further spreading and absorb on contact
- Strong wicking action for easy clean-up of everyday spills and leaks
- Suitable for use in most workshop and manufacturing applications

Pads and Rolls

- Safely absorb oils, fuels, solvents and all hydrocarbons
- Strong wicking action for easy clean-up of everyday spills and leaks
- Pads are perforated along centre for easy tearing
- Rolls are perforated across width and along length for easy tearing
- Polypropylene material
- Suitable for use in most workshop and manufacturing applications

Chemical - Absorbents

Chemical Absorbents for use on acids, alkalis and strong chemicals. Maximum absorbency without waste; easier to deploy and clean-up than indiscriminate loose granular material. Suitable for use in workshops, production areas, maintenance facilities, transport and storage areas and any situation where leaks and spills occur.

AECCH

ABSORBENT STATION

Size : H160cm x L46cm x W55cm

Code	Absorbs
AECCH	Station (fully stocked)
AEC/CHRF	Absorbent Refill Pack

CCL2

CUSHIONS

Code	Packaging	Size	Qty.	Absorbs
CCS2	Box	23cm x 23cm	20	60L
CCL2	Box	30cm x 35cm	20	80L
CCE16	Box	40cm x 50cm	16	128L

CBL4

LAND BOOMS

Code	Packaging	Size	Qty.	Absorbs
CBL4	Poly-pack	12cm x 3m	4	120L
CBLE4	Poly-pack	20cm x 3m	4	288L

CST20

SOCKS

Code	Packaging	Size	Qty.	Absorbs
CS20	Box	8cm x 1.2m	20	80L
CST20	Poly-pack	8cm x 1.2m	20	80L
CS08	Box	8cm x 3m	8	80L
CST08	Poly-pack	8cm x 3m	8	80L

CBV-38

CBV-100

PADS AND ROLLS

Code	Packaging	Size	Qty.	Absorbs
CBV-100	Poly-pack	38cm x 40cm	100	60L
CBV-38	Poly-pack	38cm x 40cm	1	45L

Absorbent Station

- Easy access to materials to encourage pro-active maintenance
- High profile day-to-day absorbent dispensing point
- Preserves Spill Kits for unforeseen incidents
- Durable all-metal construction for use in the industrial workplace
- Eliminates loose packs of product
- Each station comes with 100 Pads, 1 Roll and 20 1.2m Socks

Cushions

- Safely absorb acids, alkalis and strong chemicals
- Ideal for use in Drip-Trays to absorb leaked fluids easily and efficiently and to reduce further spillage during disposal of Drip-Tray contents
- Place directly under leaking hoses and fittings to absorb and contain liquids
- Place on spilled liquids to absorb cleanly and efficiently

The efficient and cost effective way for businesses to segregate waste and save valuable floorspace in the industrial, warehousing, office and retail environments. Space saving and easy to use design allows for a tidy, safer and more productive workplace. Manufactured from tough, heavy-duty PVC and designed for use in an industrial environment. Tidy Sack can be attached to warehouse racking, trolleys, roll cages, shelving, mobile steps and more.

TIDY SACK - 160L CAPACITY

Code	Print	Colour
TSGW/BL	Tidy Sack 'General Waste'	Blue
TSMP/BL	Tidy Sack 'Mixed Paper and Card'	Blue
TSCB/BL	Tidy Sack 'Cardboard'	Blue
TSPO/BL	Tidy Sack 'Plastic Only'	Blue
TSPS/BL	Tidy Sack 'Plastic Strapping'	Blue

TSEL/BL	Tidy Sack 'Electrical'	Blue
TSGL/BL	Tidy Sack 'Glass'	Blue
TSPL/BL	Tidy Sack (No Print)	Blue

Steel S-hooks for securing through metal eyelets

Heavy-duty vinyl construction

Easily identifiable print

Tidy Sack design minimises floorspace lost

Carry handles at sides & bottom for moving & emptying with ease

Features

- Centralised collection of waste
- Heavy-duty PVC construction
- Clearly identifiable print
- Re-usable design
- Easy to fit and remove
- Supplied With S-hooks for easy fitting
- Can be attached to warehouse racking, trolleys, roll cages, shelving, mobile steps and more
- Custom prints including logos and material colour options are available upon request
