The Twin Slot 'Shelf-Lok' system combines adjustability with strength and versatility. The system comprises a wall fixed twin slot steel upright to take a range of steel 'U' brackets for supporting various types of shelves. Medium and heavy duty brackets are also available for supporting heavier loads. The components are fabricated from 1.5mm thick steel and are finished in Dupont Alesta AM™ anti-microbial powder coating. White, brown, black, chrome, silver and stainless steel finishes are available.

GALVANISED STEEL WALL HOOKS

Made from galvanised steel for weather-proofing, these hooks can be used to support a wide variety of objectives. These robust hooks are easy to fasten and are available with or without the red rubber coating. The flat back on the wall hooks is designed to provide a straight support which prevents the hooks from tipping sideways.
